

Energy conservation action ideas

Power Smart for Schools

NO-COST	
Turn down the heat and put on a sweater	Run full loads of laundry and dishwasher
Use reusable water bottles and lunch containers	Turn off water when shaving, washing hands or brushing teeth
Use natural light when possible	Wash clothes using cold water
Take your own shopping bag to the store	Turn off lights when you leave a room
Stop idling	Use natural light
Shop local	Take shorter showers
Eat less meat	Unplug unused electronics
Drive less—walk, bike, bus or carpool	Hang dry your laundry
LOW COST	
Get a low-flow showerhead	Switch to LED bulbs
Seal up window and door drafts	
FOR THE FUTURE	
Buy an electric vehicle	Vote to support environmental policies
Buy energy-efficient appliances (washer, dryer, furnace, etc.)	Use energy from clean renewable sources (e.g. hydroelectricity, electric appliances, solar panels, etc.)
