

What I know about energy and conservation

Power Smart for Schools

NAME: _____ DATE: _____

1. What are some of the energy sources you use every day? Identify the source and what you use it for. (e.g. hydroelectricity—charge my phone)

2. What do you know about climate change?

3. How are fossil fuels and greenhouse gas emissions related?

4. What are some things people can do to conserve energy and reduce their greenhouse gas emissions?

5. First Peoples believe everything is connected and we should care for the land and environment now and for future generations. What do you think about this? Do you agree or disagree?
